NEWSLETTER

Selections this month

BH&D = 10, Brighton Corporation = 8, Southdown related = 22

Our B&W views this month, are views taken by Jim Jones, & as usual 14 from Barrie Hutson, these all dated 1970-74. The 1970 demonstrator view has been printed before by a club photo circuit, although not at 6x4.

Wider avenues of publicity sought for our Newsletter has brought new subscribers to this photo library. Having almost now worked through our previously 500 hand-printed images first made back in the nineties, its time to further the unprinted negatives from Jack Turley, Jim Jones and Derek Monk to name but a few. Suggestions are welcome for Newsletter Extras on topics out of the Brighton and Southdown coverage, such as LT, M&D, East Kent, Portsmouth & whatever your interest.

As much data as possible is gleaned from our research into every photo subject to monthly time limitations. With older views & oddities like service vehicles its far more consuming delving what little information has been recorded. Dates on our library views can be a little vague too having obtained just boxes of negatives without any such information.

However, other photo circuits barely inform the collector with any such information other than a 'supplied by' or copyright notice.

19th Edition

Continued...

Photograph prices will be changing in 2011, with regular and prompt ordering, subscribers will benefit the most from these changes. We appreciate those who have stayed with us throughout every issue, whether that be a complete order every month or those who have strict criteria to follow in collecting themes. However not possible to satisfy everyone's interests such as pre-1969 BH&D or just Lodekka's for example, yet with 40 prints on offer, a good mix is always offered.

In order to highlight the credit where due, and to remind everyone whose images these are, we make sure there is a name associated with every image providing we know who took them. A few glass plate negatives were bought in and its impossible to track exactly who took these.

Please place your order before the end of the current month, although all print requests will be honoured until it reaches its 12 month expiry. Then you take a chance on the prints being available on the stall.

All those 9x6 and Canvas prints are always available regardless.

Selected images available on our online store in 6x4, but not at 50p!

To avoid any confusion, ALL our 6x4 prints here are at the same price of 50 pence, whether colour or B&W. Only the 9x6 are at the higher price. Please use the current form on this Newsletter or download one from our web page.

Colour views from Negatives by E Charman

This Months 28 B&W Selections

BW references are from the B&W Dinnages mixed photographer library.
BH references relate to the Barrie Hutson collection. See the back page

Up to twelve colour views are offered each month, taking up the remaining space on the order form. A total of 40 images is ample to offer across a variety of at least three photographers collections.

Ernest Charman's views generally cover the period just prior to and up to deregulation, in particular his interest in Lodekka's. We will always buy or exchange prints originally taken by Mr Charman.

A note about the quality of reproduction and negatives from Mr Charman.

Some of these images come out perfectly well, while others are very difficult to obtain as good images, being the type of negative film original used and the lack of care in storage over the years.
